

LINK MC4 FUSED CONNECTOR for Photovoltaic Systems to be used for the protection of strings or arrays Photovoltaic Systems and wiring to provide protection against overloads or low-level short circuits.

STANDARD

- IEC 60269.6
- UL 248-19
- UL 2579
- TUV Approval
- RoHS Compliant

TECHINCAL SPECIFICATION

| | |
|--------------------------------|-----------------------|
| PIN Dimension | 4.0 mm |
| Rate Voltage | 1000VDC |
| Rate Current | 15A |
| Rate Breaking Capacity | 33KA |
| Class of Operation | G (PV) |
| Pollution Degree | II |
| Protection Class | Class II |
| Contact material | Copper with Tin plate |
| Contact Resistance | ≤0.3mΩ |
| Holder Material | PPO |
| Degree of Protection IP | IP67 |
| Flame class | UL94V-0 |
