AX1800
up to 1.8 Gbps

Mesh WiFi That Lets You Stream, Game, and Binge Nonstop

The E7350 Dual-Band WiFi 6 Router covers up to 1500 square feet* and handles up to 20+ devices at speeds up to 1.8 Gbps. The E7350 WiFi 6 Router lets you stream, game, and binge nonstop. Utilizing the latest WiFi 6 technology, all your device connections will be high-quality while also adhering to the latest security standards. If your needs change and you want to expand the WiFi coverage, this future-ready router easily grows with your needs by simply adding on another EasyMesh compatible product.

Features and benefits

- **More Capacity to More Devices**

  WiFi 6 sends and receives multiple streams of data simultaneously, providing up to 4x more capacity than WiFi 5 to handle every mobile, streaming, gaming, and smart home device on your network.

- **Bye Bye Dead Zones**

  Enhanced with the latest OFDMA and MU-MIMO in WiFi 6 technology that adapts to your WiFi needs, your devices will always have a full strength signal and best performance throughout your entire home.

- **Minimizes WiFi Congestion**

  Eliminate interference from neighboring networks with advanced WiFi 6 technology that can isolate your network, reduce congestion, and deliver the strongest, clearest WiFi signal available.

- **Smarter Security**

  With automatic firmware updates, Parental Controls, and separate guest access, your network will always remain safe, secure, and up to date.

- **100% Backward-Compatible**

  Works with all existing WiFi enabled devices from smartphones, tablets, laptops, smart home devices, streaming devices, and more.

- **Easy Setup and Control**

  Easy setup with browser-based installation and no CD makes router installation easy using an iPad, tablet, smartphone, or computer, which connected devices are using the most WiFi.

What's Inside

- Linksys Dual-Band WiFi 6 Router, E7350
- Ethernet Cable
- Power Adapter
- Regulatory and Warranty Documentation

Tech Specs

- WiFi AX1800, 600 Mbps (2.4 GHz Band), 1200 Mbps (5 GHz Band)
- IEEE 802.11a/b/g/n/ac/ax
- Linksys Advanced Beamforming technology

Processor and Memory

880MHz Dual-Core
256MB RAM

Antennas for Expanded Coverage

2 dual-band internal antennas
providing 4 simultaneous streams

Connectivity

5 Gigabit Ethernet Ports:
1x WAN
4x LAN
1x USB 3.0 Port

Security

WPA2-Personal

WPA3-Personal

WPA3/WPA2-Personal Mixed

Dimension

(L) 47mm X (W) 155mm X (H) 118mm
