LINKSYS®

E8450
Dual-Band AX3200 WiFi 6 Router

Up to
2500/230
Square Feet / Square Meter*

25+
Devices

AX3200
up to 3.2 Gbps

Great for streaming and gaming

The Linksys E8450 WiFi 6 router covers 2500 square feet* and handles up to 25+ devices at speeds up to 3.2 Gbps. This compact Dual-Band router lets you surf, stream, and game all at the same time to keep you connected to the things that matter most. With Parental Controls and separate Guest Access, your network will always remain safe and secure. Easily add devices to your network with a push of the WPS button.

Compatible with EasyMesh technology that was built from the ground up, your devices will always be on the fastest path to the Internet. If your needs change and you want to expand the WiFi coverage, this future-ready router easily grows with your needs by simply adding on another EasyMesh compatible product.

Features and benefits

- **WiFi 6 Technology**
  WiFi 6 technology gives you faster speeds and increased ranges for more devices.
- **Dual-Band WiFi You Can Count On**
  3.2 Gbps and dual bands let you surf, stream, game, and chat without losing a connection.
- **Easy Setup**
  Just use your smart phone, iPad, tablet, or computer browser to setup the E8450 in minutes.
- **Smarter Security**
  Separate Guest Access ensures your network will always remain safe and secure.
- **Push Button Connect**
  Easily add devices to your network with a push of the WPS button.
- **EasyMesh Compatible**
  Enjoy full WiFi connectivity and total signal coverage that adapts to your home size and dynamic with EasyMesh and WiFi technology.
- **Advanced Security**
  WPA2/WPA3 encryption and SPI firewall help keep your network safely connected.
